Commodity Import and Export Manuals

Last Modified:

APHIS works with Federal and State partners and authorized cooperators to carry out its mission of safeguarding U.S. agriculture and facilitating safe trade. The following manuals are for U.S. Customs and Border Protection, APHIS Plant Protection and Quarantine (PPQ) employees, and others authorized by PPQ to carry out official commodity import and export operations.

Visit the domestic program manuals page to see manuals related to domestic plant health programs and emergency response operations.

Agricultural Commodity Import Requirements Search Tool

Go to ACIR

Use the Agricultural Commodity Import Requirements (ACIR) search tool to look up import requirements for many agricultural commodities, including:

- Fresh fruits and vegetables
- Processed fruits and vegetables

- Cut flowers and greenery
- Seeds not for planting
- Plants and seeds for planting

For commodities not listed, please see the manuals below.

Use the "Facilities" search engine to find approved facilities by country and commodity/activity.

Go to the "Help" tab to view short videos on how to use ACIR. For additional information, contact the PPQ ACIR and Manuals Team.

Go to the "Feedback" tab to send suggestions to the ACIR team.
