Importation of Plant Growth Enhancers

Last Modified:

APHIS regulates the importation of plant growth enhancers (PGEs) under the authority of the Plant Protection Act. Regulations in 7 CFR part 330 prohibit or restrict the importation or interstate movement of any plant; plant product; biological control organism; noxious weed; article (including baggage, mail, garbage, earth, stone or quarry products); or means of conveyance if necessary to prevent the introduction or spread of plant pests or noxious weeds in the United States.

The regulations contained in "Subpart–Movement of Plant Pests, and Movement of Soil, Stone, And Quarry Products" (§ 330.200) prohibit or restrict the importation of such PGE products. For more information, review the information at the link below and submit your response to the questionnaire on the linked page **before you are instructed to apply for a PPQ 526 permit.**
