Notice of Availability: Predecisional Environmental Assessment—Bird Damage Management in Hawai‘i

Notice of Availability—Hawai‘i: Wildlife Services, a program within the U.S. Department of Agriculture’s Animal and Plant Health Inspection Service (APHIS-WS), has prepared a Predecisional Environmental Assessment (EA) entitled “Bird Damage Management in Hawai‘i.” The EA analyzes the potential environmental impacts of alternatives for APHIS-WS involvement in bird damage management in Hawai‘i. The EA is available for public review and comment before issuing a decision. The proposed action is to implement an integrated approach using a variety of methods to reduce bird damage to human health and safety, agricultural resources, property, and natural resources. APHIS-WS is requesting that the public review and provide their comments on the EA by **July 17, 2025.**

Opportunity for Public Comment

To view and provide comments on the EA, visit www.regulations.gov/docket/APHIS-2025-0020.

You may also request a copy of the EA and send written comments to:

State Director
USDA-APHIS-Wildlife Services
3375 Koapaka St., Suite H-420
Honolulu, HI 96819

When submitting a request by mail, please include a return mailing address.

To receive full consideration before the decision, comments on the EA must be provided on the Regulations.gov link above or received in writing at the address above by **July 17, 2025.**

All comments received, including the names and addresses of those who comment, will be part of the public record and will be released for public review as required and allowed by law. Comments, information, and analyses provided should be as specific as possible and include an explanation of why the information is important to the analysis.
