Welcome to VSPS: Veterinary Services Process Streamlining

VSPS provides a consistent and standard method of data capture at all levels and provides data dissemination to the appropriate existing databases. This provides a more comprehensive analysis tool for animal tracking and disease analysis which in turn, would allow VS to respond quickly to any threats to animal health in the United States.

VSPS Users:

Login here - **LOG IN**

No login necessary when performing a public search. Use the search link to the right.

Don't know what to do, or how to use VSPS? Click on the questions below for an introduction to the system.

- What is VSPS?
- What can I do using VSPS?
- Who should register for an account?
- How do I register for an account?

You can create the horses in your animals book so they are available to add to a test record later, or you can add the horse information as you're creating a test record and the system will save the information in the animals book.

Below is demonstrating how to add a horse to the animals book for future use.

Select Business Profile.

Upload photos

NOTE: Photos are not required.

Each photo must be 1MB or less.

- Use Microsoft Office Picture Manager or another picture editing software to compress the picture size.
- You can email the pictures to yourself from your phone. When sending the email, it should ask if you want to reduce the size of the images, select small.
- Save the images to your computer.

Add pictures by selecting the Choose File button.

Select **Save** when done.

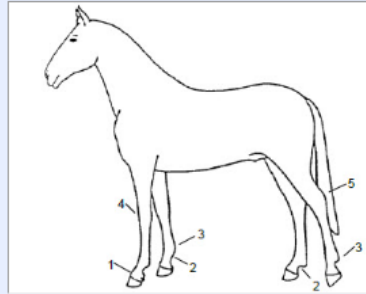

You will get a **green success message** when the horse and pictures have been saved.

If you get an error message that some required fields are missing, the photos **DID NOT** save, you must upload the pictures again before saving.

For Photo guidance: [Digital Photos for VSPS](#)

Select Add Test Record

[VSPS Home](#) | [Labs](#)

Labs Module

[Add Test Record](#) [Find Test Records](#)

This module provides access to the functionality to create and track laboratory test records.

Select the options from the drop downs.

If you have created a practice in VSPS and the vets are linked, the Veterinarian drop down will show all vets listed in the Practice in VSPS. Select Create.

Add New Test Record

Veterinarian *	
National Accreditation Number	
State *	Oregon
Species *	Equine
Disease *	Equine Infectious Anemia
Test Reason *	Interstate Movement
Requested Test Type *	AGID

Create

Under the I want to...box select
 'Choose animal being tested from Business Profile'.

NOTE: If you select 'Define a new animal for testing' it will save the horse to the address book for later use or adding to a CVI.

Select Apply.

Test Record 916908 has been created - use this number to find your test record.

Test Record Data

Veterinarian 
 National Accreditation Number 
 State Oregon
 Test Record 916908
 Species Equine
 Disease Equine Infectious Anemia

Preferred Breeds

No preferred breeds to display.

▼ 

Search for the lab you would like to use.

Once you find your lab click the Select link to select it.

If you haven't submitted a Coggins through VSPS to the lab before it would be a good idea to call and make sure they accept electronic submissions of Coggins in VSPS.

Lab Name:

Lab Code:

Lab City:

State:

Qualified For Disease:

Matching Labs				
Action	Name	Code	City	State
[Select]	ANTELOPE	958	Tampa	Florida
[Select]	APRIL EX Diagnostics	1731	Minden	Louisiana
[Select]	AVH Coggins Lab	6243	Cleveland	Texas
[Select]	AVID Laboratories	2703	Las Vegas	Nevada

The lab is now listed next to Default Laboratory.
Select Save.
